WORK EXPERIENCE

Ticketless Parking

Support Engineer

Nov 2024 – Present

- ❖ Designed and built a **PDF Proposal Generator (Google Apps Script + HTML/CSS + Handlebars + Puppeteer)** with a guided UI workflow, enabling automated document generation for sales and reducing manual preparation time by 60%+.
- ❖ Engineered a **white-label car park booking and payment portal (Next.js + Node.js + PostgreSQL)** supporting multi-tenant configuration and online payments.
- ❖ Developed internal automation tools integrating Google Sheets APIs and backend logic to eliminate repetitive spreadsheet operations.
- ❖ Built a **QR code scanning web application (TypeScript + Firebase)** reducing warehouse data entry time by 70%.
- ❖ Deployed and configured Linux/Windows systems (Ubuntu, NUC devices), including environment setup, remote access, and production optimisation.
- ❖ Improved operational efficiency through automation, system redesign, and software tooling rather than manual support processes.

Point Parking

Customer Service Representative

Sep 2022 – Jan 2026

- ❖ Conducted data entry, responded to emails, resolved phone calls, and managed intercom requests promptly, handling an average of 50 customer interactions daily, and addressed and resolved staff and customer inquiries.
- ❖ Maintained smooth operation in the car park through regular patrols and equipment troubleshooting

Code Camp

Head Teacher/Teacher Assistant

Jan 2022 – Apr 2023

- ❖ Delivered lesson plans, provided one-on-one assistance, and directed teaching assistants
- ❖ Monitored classroom behaviour, ensuring a conducive learning environment and reducing disruptions.

EDUCATION

University of Technology Sydney (UTS)

Sydney, AUS

Bachelor of Computing Science (Honours) in Enterprise Systems Development

Feb 2021 – Nov 2024

- Weighted Average Mark: 82.56 (Distinction)
- GPA: 6.25/7 (First Class Honours)
- Relevant Coursework: Cloud Computing, Software Development, Cybersecurity, Advanced Software Development, Software Architecture, Advanced Algorithm, Honours Project.

PERSONAL PROJECTS

Parking Booking Portal (2025) | [GitHub](#) | [Website](#)

Developed a full-stack parking booking and payment platform using Next.js, Node.js, and PostgreSQL. Implemented multi-tenant architecture supporting multiple car park locations, booking validation logic to prevent overlapping reservations, and integrated online payment processing. Designed scalable backend APIs and responsive frontend UI for real-time booking management.

SKILLS

- **Technical Skills Languages:**
JavaScript, TypeScript, Python, Java, SQL
- **Frontend:**
React, Next.js, HTML5, CSS3
- **Backend:**
Node.js, Express, REST APIs
- **Databases:**
PostgreSQL, Firebase, MongoDB
- **Tools & Platforms:**
Git, Docker, Linux, Firebase, Google Apps Script

EXTRACURRICULAR ACTIVITIES

- Table Tennis New South Wales – NSW junior representative at **Australian National Junior Championships**. (2018-2019).
- UTS **Programmers' Society**: Member, participated in **programming competition** hosted by UTS Programmers' Society sponsored by WiseTech Global (June 2022).
- UTS Table Tennis Club: **UniSport Nationals** Representative (2023-2024)
